

Cystic Fibrosis

Awareness and fundraising locally

The Gobi March finishing line, 19th overall after 250km, 7 days and 6 stages across the Gobi desert.

Cystic Fibrosis Channel Islands

Cystic Fibrosis Guernsey is a new local group set up to raise awareness of the condition locally, provide a medium through which the CF community can interact, support, identify and discuss CF specific needs and focus attention on them using wider resources.

Cystic Fibrosis

Mike Read – was raised in Guernsey, educated at Elizabeth College, ex-RAF fighter pilot and now a long haul airline pilot with Cathay Pacific. Mike's daughter Courtney (19yrs) has the life shortening disease CF. She is the oldest of 6 local children and first to transition to adult care. Much work needs to be done to make this transition smoother and provide a more positive environment for them to find work. This complicated condition needs a much more collaborative approach between families, local health, social and family support services. CF Guernsey wants to drive these improvements in communication.

Courtney & Mike at the end of the 48 mile around Jersey event

Cystic fibrosis is one of 38 member charities of the Guernsey Disability Alliance. For more information contact:

Hidden Disabilities

Cystic Fibrosis is a Hidden Disability, unseen to the public. We are working with the We All Matter Eh group to raise awareness locally of such conditions. Launching videos and factsheets on members experiences of living with a hidden disability, the challenges they face and the top tips for the community.

Support Cystic Fibrosis

Cystic Fibrosis is looking for a sponsors for their own video and factsheet launch. Your logo will displayed on branded materials and social media coverage: £1,000

Tim Wotton

Cystic Fibrosis Guest Speaker

Cystic Fibrosis and Guernsey Disability Alliance are looking for a sponsor to bring Tim Wotton to Guernsey.

Tim Wotton, 45, is a full-time communications consultant, award-winning author, international public speaker and has played field hockey for England. His eyes and heart have been opened by his health struggle with cystic fibrosis (CF) and CF-related diabetes which has been a huge factor in his life, but not one that defines it.

Tim unpicks his CF survival, living and working with a disability and the transformative power of medicine, while demonstrating the resilience required every day to endure what cannot be cured. He also stresses the importance of physical and mental wellbeing to business performance, life and work purpose and the importance of leaving a lasting legacy by living for every moment.

Tim's candid, authentic and humorous speeches are thoroughly engaging, thought-provoking and live a long time in the memory.

Guest Speaker Sponsorship

We are looking for a sponsor to support this event and will include branding on materials at the public event, sponsor breakfast or lunch option and social media coverage: £1,500 - £2000
